UE-RIN'S WHY OF THE MANGA
Then came the painting room.
Since I lived in the countryside at that I had no idea where could buy paper and do pens, asked my art teacher about it and spent what little I had to buy the materials necessaries to draw mangas.
(Kami paper, pen holder, pen nib)
For those who want to draw mangas but don't know where to buy materials, you should ask your art teacher
As I wanted sketch to only Kakera or Mangaart book, at that time there was no Kakera, but since I wanted sketch Mangaart book can four times a month. This means that there was a kakera comic for me on Mangaart and that is why since it wasn't short, but was like a very succesful 8-in-1 comic
